Joshua Anderson

UI/UX Designer & Front-End Developer

Lagos, Nigeria · joshuaanderson2004oct@gmail.com · +234 906 167 4151 · LinkedIn · GitHub

Profile

UI/UX designer and front-end developer with a B.Sc. in Computer Science (Second Class Upper, FUTO). I design in Figma and build responsive, accessible websites with Next.js, React and Tailwind CSS, most recently the full website for W+Men Leading Change. AI evaluation work since 2023 for Turing, Mercor and micro1 has sharpened my eye for detail and quality.

Selected projects

W+Men Leading Change · wmenleadingchange.com

- Designed and built the full website for a leadership coaching, development and consulting organisation: Home, About, Services and Partners.
- Built the visual system around the client's brand palette, with full-bleed photo heroes, service cards and a contact band with a mailing-list call to action.
- Designed the Partners page: photo-collage hero, scrolling partner-logo strip and tabbed partnership stories.
- Stack: HTML, CSS, JavaScript, React

Two client websites · built, launching on the clients' schedule

- An agricultural export company: product catalogue, certification badge, stats and testimonials.
- A luxury furniture, fashion and tiles brand: department pages, new arrivals and a members' club signup.

Site Starter · GitHub · Live

- A reusable website foundation in Next.js, TypeScript and Tailwind CSS that every new client site starts from.
- Design tokens for colour, type and spacing; all content in one config file; shared accessible components; light and dark mode.
- Rebranding a site takes changes to two files. Deployed on Vercel.

Experience

UI/UX Designer & Front-End Developer · Freelance · Late 2024 – Present

- Design websites in Figma and build them as responsive, accessible sites for organisations and businesses.
- Delivered three client websites, from first design to finished build.

Graphic Designer · Silhouette Travels & Tours · Remote · 2022 – Present

- Design flyers, social media graphics and promotional materials for the brand in Illustrator, Photoshop and Canva.

IT Support Intern · Ecobank Nigeria, Head Office, Lagos Island · October 2024 – January 2025

- Resolved hardware and software issues for staff, including Microsoft Teams and other office compliance applications.
- Installed and configured Windows, and diagnosed and repaired laptop and hardware failures.
- Troubleshot LAN connectivity problems, tracing failed ports back to the server room.

AI Trainer & Evaluator · Turing (NVIDIA project), Mercor, micro1, Atlas Capture · Remote contracts · 2023 – 2026

- Evaluated AI-generated text, images, audio and video against detailed rubrics, with clear written feedback.
- Completed more than 1,000 evaluation and annotation tasks, with a 91% quality score on Atlas Capture.

Skills

- **Design:** Figma, UI/UX design, wireframing, prototyping, design systems
- **Front-end:** HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS
- **Graphic design:** Adobe Illustrator, Adobe Photoshop, Canva
- **Tools:** Git and GitHub, Vercel, Netlify, Blender
- **IT support:** Windows installation, hardware troubleshooting, LAN basics

Education

B.Sc. Computer Science · Federal University of Technology, Owerri (FUTO) · 2025

Second Class Upper (2:1) · CGPA 3.62 / 5.00
